How is your Digital Citizenship? Are you a good person online? Will what you do today stop your opportunity tomorrow?
The benefits of social media are enormous for a myriad of wonderful causes, our community benefits from this 21st Century communication tool. However, with this comes responsibility. On a weekly basis we collaborate and educate our students about the ‘correct’ way in which to conduct themselves online. Being responsible online is a vital skill for our students to have success in the world. Our students understand the devastating effect the negative use of these tools can have on other students. It is important that our adult community set an example and participate responsibly also online. As a school we have rigorous education programs about the responsible use of social media so that our students will navigate the world successfully. Please take the time to review as all parents need to know about technology, cyber bullying and safe use of online spaces. http://www.schoolatoz.nsw.edu.au/technology

Deeper Learning through ‘Projects’ for a real audience - our Year 9 PBL Trial

Over the last year, our school has been investigating and training ‘Project Based Learning’. I am passionate about creating a school where students are immersed in deep learning and develop true 21st Century skills for their future. This type of learning is very different to how our schools have been. In PBL students work in teams; there is a real project presented to a real audience and content/curriculum is embedded in the product and project. The benefits of this type of learning are immense. Along with developing deep understanding of the content, students are working collaboratively, critically problem solving, investigating real world issues, liaising with the adult world, learning about team decision making and the list goes on. A team of teachers have investigated how other schools have implemented this and we are now working to build our UHS model of this type of learning. Early next term we intend to present to parents, products of PBL for you to see how amazing our students are in this learning process.

“Be good at what you do!” I heard this quote recently from a student talking to his mate. This is great positive talk. Outstanding!

Matt G Goes All The Way

As reported in last week’s Summit Times, Matt went to Canberra as a member of the NSW All Schools Cricket Team. NSW won the championships, defeating Western Australia by just 2 runs, to be undefeated champions! Matt, as wicket keeper for NSW, was outstanding. Not only did he score runs as an opening batsman, but took impressive catches to help win games at crucial times. How exciting is the news that Matt has been chosen to represent the Australian 15 Years Cricket Team. The team tour Sri Lanka in May. Ulladulla High is extremely proud of Matt’s achievements. What a wonderful example of a student using his talent to be as good as he can. Well done Matt! Have a fantastic week.

Denise Lofts, Principal

Principal’s last word...

Whenever I travel away from Ulladulla, I truly appreciate the wonderful community we have, the outstanding schools and the most amazing people. I am truly grateful. I look around at our school, we have 21st Century facilities from technology in every classroom, state of the art multipurpose spaces, brand new change rooms, excellent sporting facilities. My motto this week. “Be Grateful”, there are so many schools that have half of what we have.

BAM (the bullying awareness program)
Tuesday 18th March
run by Access Community Group at UHS
Students have nominated themselves to be involved in the full day workshop. The program has been designed by young people for young people in collaboration with local youth services and industry experts. The aim is to educate and create relevant resources for young people in the Shoalhaven to discuss and act against bullying and promote cyber safety.

MOTIVATIONAL MEDIA Reminder
The visit is tomorrow, Tuesday 11th March. All students will have the opportunity to attend this presentation throughout the day at a fee of $2, to be paid on entry. This year’s motivational theme is: Learn about the ‘impact’ on you, of events in your life.

School Based Traineeship Signed Up

Photo above: Linda Hawkins from Work Place Learning Centre and Blake with George Betsis (Relieving Deputy Principal)

We thank Linda Hawkins and Lisa Cassin who came to the school last week to sign up Blake N for his traineeship in Business Services. This means Blake combines work studies with his school studies for the rest of Year 12, creating a career pathway. Well done!

Agriculture Faculty success at Milton Show

The School Agriculture staff and students are pleased to report that our two entries in the open classes for “dozen brown” and “dozen white” hen eggs were both awarded first place.
Senior Farm Assistant Jim Jackson (pictured right) has been carefully monitoring their feeding regime, and preparing the school hens for this event.

“People think you simply provide feed and water, let them out for a run each evening, and the rest will just happen “ said Jim, “ but it is quite a precise Science, timing peak egg quality and size to coincide with the Show”. Jim credits his gift for poultry management to his great grandfather, who emigrated to Australia from Ireland, but not before he had played a major role in the development of the Limerick Leghorn, now one of Ireland’s top egg laying birds.

On behalf of the students and Ag. Staff, thank you Jim.

Year 7 Parents / Caregivers

Book Review - The Green Mile by Stephen King
This story is a great read and has so many emotions. It is set in 1932 and is about Paul Edgecombe's, a death row supervisor, encounter with a man named John Coffey. John is an inmate who has been accused wrongly of the murder of two girls. After a little while Paul finds out about John’s incredible healing powers.

Another inmate, Eduard "Del" Delacroix, was also on the mile at this time but was burnt badly in “Old Sparky”, the electric chair, by Percy because he sadistically “forgot” to wet the sponge.

John saves Malinda Moore’s (the head chief’s wife) life from cancer but holds it in himself to give to Percy Wetmore who sabotaged Del’s death.

The ending is sad but good. I recommend reading the book then watch the movie as they have different scenes. I give it a 9/10.

Students of the Week

James C, Year 11 who shows interest in his studies and a determination to succeed. James is highly organised and always strives to achieve his best. "He is the most committed student I have ever had" one of his teachers said about James.

Taylor L, Year 9, is always ready to face any challenge given to her in class with enthusiasm and is well respected by both teachers and her peers.

Congratulations James and Taylor. Keep up the good work!

We look forward to bringing you next week’s students of the week!

Shopping for new black leather shoes?
Many local stores in Ulladulla have black leather shoes in various styles that would be appropriate as school shoes starting from $25. Some stores have the policy that if they do not have your size, you can request to have them ordered in.
Clean Up Success

*Clean up Australia Day* inspires thousands of Australians to take to their local park, beach, bushland, school and streets to clean up their local environment. On Friday last week UHS participated in this great event, led by the SEC and Mr Woodland. The places of the following houses were derived from the amount of rubbish collected, the participation of the people in each house and the sportsmanship of each house.

**The results were:**

1st-Guruwin  2nd-Bara  3rd-Daringyan  4th-Gawura

This day was a great success and everyone had fun, but the main thing is that our school environment is a lot cleaner for everyone to enjoy.

Promotion Roll Call

Organ Donation

Many of you will remember Will Chapman, an ex-student of Ulladulla High School, and last year, he underwent a heart and double lung transplant. It is crucial that we at least consider being an organ donor, as it saves lives every day, including Will’s. To find out more about how you can help, visit: [http://www.humanservices.gov.au/customer/services/medicare/australian-organ-donor-register](http://www.humanservices.gov.au/customer/services/medicare/australian-organ-donor-register)

Promotion Roll Call

**Mikawa Students To Return — sign up now to be a host family!**

Ulladulla High School will once again be hosting students from our sister Japanese school, Mikawa Junior High School, this year. Every year we have an exchange with the Mikawa School. Some of our students go over there for 2 weeks and then our Japanese students come over here. When they see each other at the orientation night it is like a reunion.

On Monday 5th May, 28 students (11 boys and 17 girls) will arrive at Ulladulla High and be spending a week with a selected host family. The host family provides accommodation, breakfast, lunch and dinner. The Japanese students will travel to and from school with their host student and they will attend English classes at the school and participate in activities. It is a great experience as you learn about their culture and the differences between each country. They are quite friendly and like to meet new people. Many of the students from last year are still in contact with their host family and other friends they met.

If you are interested in hosting a Mikawa student please see Mrs. Bishop for an application form, don’t miss out!

Ulladulla High School focuses on personal growth, civic responsibility and learning
SPORT SNIPPETS

Regional swimming carnival was held on Thursday with a number of swimmers making it through to state level. Full details in next weeks summit times.

Internal Sports—I see red, I see red, I see red

After some wet weather last week all year groups were able to get back into competition mode this week. The scores are pretty close, however the Bara house patrons Mr Barry and Mrs Mulvey will be happy knowing that their team is the overall leader at the moment.

Not for long though!!

Congratulations to all students who have received ‘Most valuable player’ nominations and especially those who have managed to receive one every week.

**KOORI KORNER**

**BANGARRA DANCE WORKSHOPS AT UHS**  
**MONDAY 17TH MARCH 2014**

The NSW Public Schools Aboriginal Dance program is one of The Arts Unit’s premiere arts initiatives. It is a project of the NSW Department of Education and Communities in partnership with Bangarra Dance Theatre.

The program aims to develop the dance skills and talents of Aboriginal and Torres Strait Islander students from NSW public schools. It promotes engagement in education through the arts. It focusses on skills and dance excerpts from Bangarra’s repertoire.

**Workshops**

- Aboriginal Students from Years 7-12 from the Shoalhaven area will participate. No previous experience is necessary but students must be prepared to focus, participate actively and learn new skills. Instruction will be given in a contemporary Indigenous dance style, not traditional dance. Students with exceptional talent and potential will be identified from these workshops and may be invited to join the 2014 NSW Public Schools Aboriginal Dance Company. The Schools Spectacular performances will be held on Friday 28 and Saturday 29 November. It will also be broadcast on TV via the channel 9 network. Students and schools wishing to be a part of the Schools Spectacular must apply online at the following link: [www.schoolsspectacular.com.au/auditions](http://www.schoolsspectacular.com.au/auditions)
- Applications close on 27 March.

**Representing school, representing culture**

Ulladulla High School has in the past proudly represented Aboriginal culture with the Bunnan cultural Troupe. Ulladulla Local Aboriginal Lands Council supports our students each year to attend Bangarra performances in Wollongong. UHS will be establishing a dance (Bunnan) troupe next term to promote pride in identity, Pride in culture, and pride in school.

It takes courage to perform in front of your peers, community and family and by sharing our culture we work towards reconciliation and mutual respect.
