Last week, the Year 12 Yearbook team gave me a sneak preview of their year book. The book truly represents a collaborative project where each of the Year 12 students worked as a member of the project team. Their effort and attempt to successfully create an authentic and enduring representation of who they are is superb. Outstanding effort!

A tool that can do good! Facebook ..... Let’s get 1000 ‘likes’...
Lots of schools have a Facebook page. Our alumni (our graduates) keep in touch with us through our page. If you haven’t had a chance to look at our Facebook page, please do. We endeavor to communicate all things, that are relevant, inspiring and of interest to our community. Good digital citizenship is a ‘must have’ skill for today, and the future world. Those students who operate outside this good behaviour will jeopardise many future opportunities. Please have those conversations with your child.

Attendance is everyone’s business...It’s about good relationships...and connecting to school
Successful achievements at school are clearly linked to attendance. Encourage your child to attend school everyday, no excuses! Encourage them to build good relationships with fellow students and staff. Those students who miss just one day every few weeks are creating patterns of attendance that will not serve them well into their future life. As we know, the ‘real world’ of work and careers does not accept absenteeism. Nor do we.
Year 9 High Country Expedition!

On Wednesday 20th of August, 41 students in Year 9 went on the High Country excursion to Perisher. The bus trip up was long and tiring but was filled with excitement to go skiing. When we got to the hotel we all got shown to our rooms then had about one and a half hours of free time in the games then off to dinner at 6. After that we all got our gear, and then off to bed at 10. The next day was an early rise with everyone waking up at 6:30 to get ready for the snow. When we got there everyone was thrilled to see the snow and was excited to get skiing. The weather was perfect and for the first 2 hours everyone had to go through lessons which some failed at. But by the end of the day we all got the hang of it with the exception of the few whom excelled at it.

The next day was great weather as well and everyone was having a great time having that experience from before. When we had to leave we all wished we could still be skiing and snowboarding. The trip back was filled with people sleeping and others excited. But everyone had a great time and would like to thank, Mrs Lees, Mr Barry, Mr Westerway and Ms Watson who took us up on the trip.

Stack to Give Back

Last year over 400 cases of polio were reported in third world countries around the world. Even though polio is mostly eradicated there are still countries struggling with the disease. In the last week of term the SRC will be holding a fundraiser for much needed money for vaccines. Each year 7 class will be given a letter of the word ‘vaccine’ and will compete against the other classes for the most gold coins stacked on the letter. Even though other years are not taking part, they can donate money to participating classes to show their support.

“MERCHANT OF VENICE”
BY WILLIAM SHAKESPEARE

Year 10 Violet proudly presents – A Rap summarising Act 4

Yo I’m Shylock and I’m an evil, evil man
and I want a pound of flesh, yes, yes I do,
I’m sitting at court bored as can be,
Everything seems to be going all right for me.
Then along comes Portia, with hope in her eyes
And suddenly all my luck has demised.
Antonia spoke, “Speak of me fair in death”
To his best friend Bassanio in one breath
As he feared he would not grow old
Well this was what he had been told.
But how wrong could he be?
But a porthole in the law is what Portia could see
And now the evil man has become quite poor
Antonia keeps his flesh, and blood and bones
Whereas Shylock has to leave, a loser, alone.

Silent Whispers

The tiny human wept, with the reddest of skin. Suddenly joy spread across her angelic face. The silent wind whistled like a quiet whisper. And may she live a long life until her whisper becomes her last breath.

“IT’s all about the Science”
Congratulations to the Year 10 students who participated in
the Science and Engineering Challenge held in Canberra back
in May and won overall. This group of 27 students was then
able to move on to the next level of the competition that was
held in Newcastle over 27th-28th August. Against the eight
other schools that attended the challenge, Ulladulla High
School placed a mighty 7th. This means that they will not
continue onto the next and final stage. This was still a great
achievement for the school and we must congratulate them for
their efforts.

P&C Meeting TONIGHT (Monday 8th)
7pm in Library
Ulladulla High School is holding an art competition open to the first 30 students to register. To enter you must see Mr Barry, Ms Grant or Sharon Bunyan who will give you a nomination form and a canvas to complete a painting which best represents the 2014 NAIDOC theme. All paintings will be displayed to the public from 7th-10th October.

**Theme:** Serving Country: Centenary & Beyond

This year’s NAIDOC theme honours all Aboriginal and Torres Strait Islander men and women who have fought in defence of country. From our warriors in the Frontier Wars to our warriors who have served with honour and pride in Australia’s military conflicts and engagements across the globe. We proudly highlight and recognise the role they have played in shaping our identity and pause to reflect on their sacrifice. We celebrate and honour their priceless contribution to our nation.

Paintings must be completed and returned by Monday 6th October. Winners announced at the NAIDOC Assembly on 10th October.
