Outstanding Year 12 2014 students awarded Shoalhaven Education Grant to assist them with their university studies! Congrats.

A huge congratulations to our Year 12 students from 2014 who have received this award. The students will be presented at the Awards night at the University of Wollongong Campus Shoalhaven. A huge congratulations to Nikaela Pennisi, Aengus Ylias, Luke Brimacombe, Monique Jordan, Joseph Meehan, Laura Marslan and Ebonylee Peel.

World Class experience, our Scientist of the future.

Over the holidays David Robertson was selected to attend the National Youth Science Forum, along with 200 other students from all over Australia and overseas. David was taken on many excursions around Canberra and also visited labs to perform experiments and to see the latest developments in Science. He also attended many lectures and presentations that aimed to increase the student’s communication and scientific skills.

This is what David had to say “The forum enabled me to meet some amazing scientists from Australia and overseas. Throughout the forum I formed many friendships with intelligent and motivated students. I would highly recommend this forum for any Year 11 science students”.

See Davids full report on our website in ‘News’. It’s a fabulous insight into the world of science in Australia.

The snow sprinkles down on our cold, shivering bodies. Our teeth chatter uncontrollably as our skin turns colours of blue. We have a layer of snow on our bodies, but that doesn’t stop our happiness beaming. It is New Year’s Eve, 1999, New York Times Square, the best night of our lives, but also the coldest. “Ten!” the crowd shouts. I look up to the shining ball atop the New York Times Building. It glimmers in the sky even though it is surrounded by billions of other colour lights. “Nine!” Everyone is cheering. “Eight!” I grab a hold of my closest friend. “Seven!” People are pouring glasses of champagne. “Six… Five…Four!” Almost there. “Three…two!” My joy rises dramatically. “ONE, Happy New Year!”

Inspirational Canteen
“Hi Parents/Carers, Are you seeking to get involved in the school, and have only a little time to contribute, then I would recommend volunteering for the canteen roster. I work full time and have increased my hours to allow me to have 1 day off per month and have volunteered to work in the canteen. It is a great environment, very friendly and supportive. The students are awesome, very polite and patient with new volunteers. It’s a great day and one I will now look forward to each month. The canteen is often understaffed and they are in need of more support, any time you can assist would be greatly appreciated, especially by the hungry students patiently lining up for supplies to nourish their body’s and allow their minds to work to their full potential. – Thanks for considering to contribute.”

Promotion Roll Call
Gossip is usually the first step in bullying. So what is gossip? It is a casual or unconstrained conversation or reports about other people, typically involving details which are not confirmed as true. This happens a lot on social media. To stop it will take a lot determination. I hope that we as a school community will be more determined to stop gossiping.
