Movie Review: ‘The Fault in our Stars’

‘Despite the tumour-shrinking medical miracle that has bought her a few years, Hazel has never been anything but terminal, her final chapter inscribed upon diagnosis. But when a gorgeous plot twist named Augustus Waters suddenly appears at Cancer Kid Support Group, Hazel’s story is about to be completely rewritten.’

The Fault in our Stars demonstrates perfectly how a seemingly short life can be lived full. You will find yourself both laughing and crying, but you will walk away with a new outlook on life and the lives of those who are suffering.
